

Getting to Seaford Yacht Club by Sea

Seaford Yacht Club is located on the Virginia Peninsula between the towns of Poquoson and Yorktown. The club is located on Back Creek and can be easily accessed from the entrance of the York River. Follow Back Creek upstream until you see the club on your starboard side. Three new day marks not shown on recent charts were added in Fall of 2005 that mark a 5.0 ft MLW channel all the way to the club.
